# GOE Mission

- Ensure the wise development of Nevada's energy resources in harmony with local economic needs and to position Nevada to lead the nation in renewable energy production, energy efficiency & conservation, and the exportation of energy.

# About GOE

- GOE implements the laws of the State as defined in Nevada Revised Statutes 701 and 701A; manages energy-related programs; facilitates cooperation between key stakeholders; advises the Governor on energy policy; and collaborates with our local, regional, and federal partners to ensure a reliable and sustainable energy system.
- Three program areas:
  1. Energy Conservation
  2. Renewable Energy Development
  3. Transmission and Transportation

# GOE Role in CPP

## History:

- Collaborated with NDEP and PUCN to submit joint comments on the proposed rule in November 2014
- Participated in EPA-hosted briefings and agency meetings to track development of final rule and keep stakeholders informed on Nevada's plans

## Next Steps:

- Continued engagement and coordination with affected stakeholders and Nevada agencies on plan implementation
